PROFILE SUMMARY

DevOps & Cloud Engineer with hands-on experience designing cloud infrastructure, CI/CD pipelines, and containerized platforms across Google Cloud Platform and AWS. Experienced in building scalable systems using Docker, Kubernetes, Terraform, and GitOps workflows while implementing DevSecOps practices, monitoring solutions, and API gateway architectures.

SKILLS

- **Programming:** Python, Shell Scripting
- **Cloud & DevOps:** GCP, AWS, Docker, Kubernetes, Jenkins, Cloud Build, GitHub Actions, Terraform, ArgoCD, APIGEE X
- **Monitoring & Security:** Prometheus, Grafana, SonarQube, Trivy
- **Tools & OS:** Git, GitHub, Linux

EXPERIENCE

DevOps Engineer Intern - DevAngles Software Pvt. Ltd.

On-site - Ahmedabad

Dec 2025 – Mar 2026

- Designed automated **CI/CD** pipelines using **Cloud Build**, enabling Docker image builds and deployment workflows from GitHub repositories.
- Containerized applications using **Docker** and deployed them to **Cloud Run** integrated with **Cloud SQL** (MySQL) for scalable backend services.
- Implemented secure container storage using **Artifact Registry** with **vulnerability** scanning.
- Architected Kubernetes platform on **GKE** (Standard) using **Helm** charts for containerized microservice deployments.
- Implemented Workload Identity integration between Kubernetes and **GCP IAM** for secure service access.
- Designed GitOps workflow using **ArgoCD** for automated Kubernetes configuration management.
- Developed Apigee X API proxies integrating Vertex AI Search for semantic caching to reduce repeated **LLM API requests**.
- Implemented PII masking proxy using Google Cloud DLP API for **sensitive data protection**.

Cloud Engineer Intern - CoreXtech IT Services Pvt. Ltd

Remote - Pune

Jun 2025 – Sep 2025

- Deployed AWS infrastructure using **EC2, VPC, RDS, IAM, and S3**.
- Designed secure **multi-tier** VPC architecture.
- Built CI/CD pipelines using **Jenkins** and **GitHub Actions**.
- Implemented **DevSecOps** scanning with **SonarQube** and **Trivy**.
- Built monitoring stack using **Prometheus** and **Grafana**.

Certifications

- **AWS Cloud Quest: Cloud Practitioner** | Amazon Web Services | [View Certificate](#) Apr 2025
- **Oracle Cloud Infrastructure 2025 Certified DevOps Professional** | [View Certificate](#) Sep 2025
- **DevOps and Cloud Computing Course** – PW Skills | [View Certificate](#) Sept2024–June 2025

EDUCATION

Vishwakarma Government Engineering College

Bachelor of Engineering in Computer Engineering

Chandkheda, Gujarat

Jun 2022 – Jun 2026
